

# DecoShield

Protect your glass with an anti-bacterial, water resistant armour.

Bacteria build up on an unprotected surface.

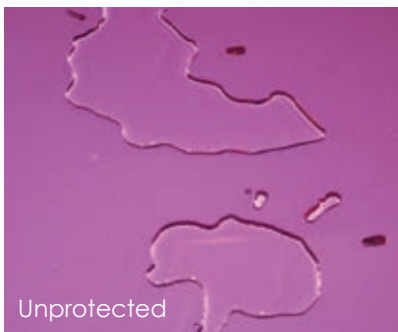

DecoShield promotes hygienic surfaces and resists bacteria growth.

**DECO GLAZE™**  
Bespoke Manufacturers of Decorative Glass Surfaces

Upgrade your glass to include DecoShield - our long-lasting coating for easy clean, water repellent, hygienic glass.

The invisible coating is applied in our chemical controlled facility and guaranteed to shield glass for 10 years

Unprotected

50ml of water was poured on a protected and unprotected surface.

DecoShield literally repels water and other substances from the glass surface.

DecoShield™ on a glass work surface

## TECHNICAL SPECIFICATION

Imagine glass always easier to clean and keep clean, performing like new

DecoShield creates a higher quality of glass, due to the unique "Non-Stick" innovative surface Technology

Maintained by a simple after-care programme (DecoShield protection detergent)

- **Resists the adhesion and bacterial growth, viruses and fungi**
- **Saves cleaning time and effort**
- **Ideal for areas where hygiene is paramount**
- **10-15 working days lead time**

### DecoShield protection:

- **Always much easier to clean, saves time and effort**
- **Low maintenance, on average cutting cleaning frequency by half, for more convenience**
- **Stays in pristine condition longer, for a more beautiful appearance**
- **Resists staining by finger marks, dirt and grease**
